27 March 1956

MEMORANDUM FOR: Deputy Project Director

SUBJECT : Concept Underlying Operations Section T/O

1. In the light of our conversation of 20 March (just before you left for the West), I have revised the proposed T/O for the Operations Section in this Headquarters. I have also prepared a memorandum to explain the revised T/O. Copies of both of these documents are attached herewith.

25X1 2. I am making no distribution of these papers until you have had a chance to look at these documents and we have had a chance to meet together concerning them. In the meanwhile, I have asked Messrs. Cunningham and [] to go forward at full speed to recruit for the positions provided in the attached.

3. It is my tentative view, subject to further consultation with you, that we can afford to proceed on this basis at least until we have some experience which demonstrates the need for a larger staff.

[]

RICHARD M. BISSELL, JR.
Project Director
